

**Come and discover the region that tumbles down
from the Dolomites to the Adriatic sea:**

Veneto

Veneto has an extraordinary variety in its scenery: from the **Dolomites**, one of the most beautiful mountain areas of Europe, to the eastern shores of **Lake Garda** and Peschiera del Garda, Torri del Benaco and other tourist destinations. The coastal area that is in the region has long, sandy beaches that include resorts such as Jesolo and Bibione.

Padua, Verona and Vicenza are some of the most beautiful bigger cities in the region.

And of course the pride of this area is the Venetian lagoon, and right on this very lagoon stands perhaps the most unique city in the entire world: **Venice**.
