

We were invited guests at the wonderful world of FICO, where food and all that is connected is under one roof.

FICO is part of the **EATALY** family that have conquered the world by opening magical places where you can buy the best produce and have great opportunities to also taste the wonderful dishes made with the same top quality ingredients.

FICO is situated just outside **Bologna**. A great solution for food lovers and a place where you can teach your guests how to make pasta in the morning and have them produce their own ice cream in the afternoon!

FICO had excellent **conference facilities** and can host big meetings up to 850 people and has some classrooms to hold smaller meetings.

The structure has **45 restaurants** and street food corners to allow you to try some wonderful dishes...

...Curious?

Not only FICO!

Take a look at two interesting programs that we have prepared for you.

Itinerary 1

Itinerary 2

Trust us with your event, and you will not regret it!
